**Summary:**

**Highly skilled and motivated Front-end Developer with 5+ years of experience in developing and implementing responsive and user-friendly websites. Proficient in HTML, CSS, JavaScript, and various front-end frameworks. Adept at collaborating with cross-functional teams to deliver high-quality projects.**

**Skills:**

- Proficient in HTML5, CSS3, and JavaScript**
- Strong knowledge of front-end frameworks like React, Angular, and Vue**
- Experience with responsive web design and mobile optimization**
- Familiarity with design tools such as Adobe Photoshop and Sketch**
- Ability to troubleshoot and debug code for optimal performance**
- Excellent problem-solving and analytical skills**
- Strong teamwork and communication abilities**

**Work Experience:**

## **Front-end Developer | XYZ Company**

**July 2017 - Present**

- Develop and maintain responsive websites using HTML, CSS, JavaScript, and TypeScript
- Collaborate with designers and back-end developers to ensure seamless integration with APIs
- Optimize websites for speed and performance, ensuring compatibility across multiple browsers and devices
- Implement front-end frameworks like React to enhance user experience and improve development efficiency
- Conduct thorough code reviews and assist junior developers with coding standards and best practices

## **Front-end Developer | ABC Agency**

**May 2014 - June 2017**

- Worked closely with UI/UX designers to turn wireframes and mockups into interactive websites
- Developed and maintained custom WordPress themes using HTML, CSS, and JavaScript
- Implemented SEO best practices to improve website visibility and organic traffic
- Conducted cross-browser and cross-device testing, making necessary adjustments to ensure optimal user experience
- Collaborated with back-end developers to integrate front-end code with server-side logic

## **Education:**

**Bachelor of Science in Computer Science**

**ABC University**

**August 2010 - May 2014**

## **Projects:**

### **Project 1: E-commerce Website**

- Developed a fully functional e-commerce website using React, Redux, HTML, CSS, and REST APIs
- Implemented responsive design, allowing seamless shopping experiences across all devices
- Integrated payment gateways using Stripe API for secure online transactions
- Optimized the website for performance, resulting in increased conversion rates by 20%

### **Project 2: Portfolio Website**

- Built a personal portfolio website using HTML, CSS, and JavaScript
- Utilized responsive design techniques to ensure a seamless mobile browsing experience
- Incorporated animations and interactive features to enhance user engagement
- Implemented SEO best practices, resulting in improved search engine rankings

## **Additional Information:**

- Strong passion for staying updated with the latest technologies and industry trends

- **Actively participate in hackathons and coding competitions**
- **Continuously strive for self-improvement and skill enhancement through online courses and workshops**
